WATCH OVER THY CHILD

Animation

Video follows the Bible's Creation Gospel story accompanied with personal reflections regarding my mixed identity.

Split up in seven chapters. I collaborated with a group of musicians to create a score by mixing Christian influences and artists I listen to today (hip-hop, rap, rock).

With every chapter the sound became less pure and more produced.

DOING LANGUAGE: Word Work

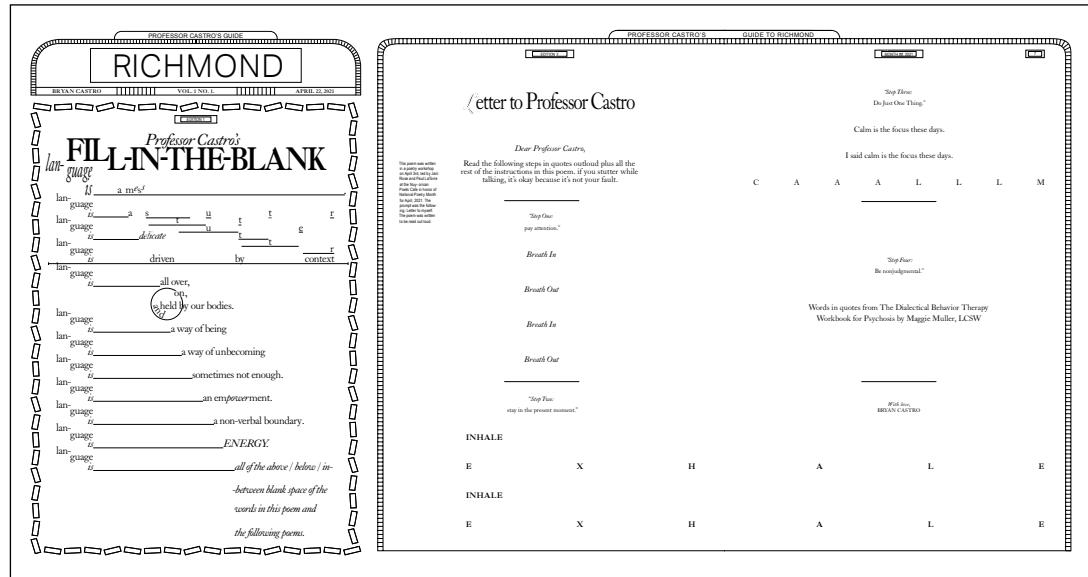

Editorial

Collaboration between the Institute for Contemporary Art and local artists. Bryan's newspaper shows the value of imperfection through annotation and redaction. The final product was a typeset newspaper with his screenprinted annotations on top.

- One of the challenges was designing a layout best suited for Bryan's screen printed layer which was being created at the same time.

- The artist made a lot of references to the body, specifically breathing. Imitated breath by giving words a lot of negative space.

- Made the paper easier to read and better for audience interaction by making the type more concise.

- Progress of Bryan's screen prints.
